CABINETS

These double door cabinets contain on the inside the familiar white enamelled whiteboard, dry erasable and magnet attachable. The outside is finished in white enamelled steel or with a typical wood decor. These wooden panels are available in 4 types: beech wood, light beech, cherry and pear and should not be written on. All cabinets are lockable for maximum discretion. At the same time, the inner door is provided with a Design flipchart clamp. In addition, the cabinet contains an ingenious extendable projection screen measuring 145 x 145 cm that can be fixed in 3 positions, so that both overhead and slide projection can be applied. All cabinets are supplied with 1 magnetic penholder for 4 whiteboard markers, 50 sheets flipchart paper and mounting material. See drawing for the measurements.

EXECUTIVE CABINET

The presentation cabinet is also available as an executive cabinet. This model has one door that is equipped on the inside with a Design flipchart clamp and on the outside with a lock and two keys. Because of its construction, the cabinet is suitable only for wall mounting however, and can be supplied in whiteboard with white profile finish, alternatively with a wooden front and black profile finish. You can choose from the various types of wood: beech, light beech, cherry and pear. All executive cabinets are supplied with 1 magnetic penholder for 4 whiteboard markers, 50 sheets flipchart paper and mounting material. See drawing for the measurements.
